MAYSVILLE CITIZENS' EXPERIENCES FURNISH TOPICS FOR MAYSVILLE DISCUSSION

Similar experiences are occurring daily. Maysville people are being relieved.

Maysville people testify, Maysville people profit.

The evidence is home evidence—the proof convincing.

Maysville testimony is gratefully given. Maysville sufferers should heed it.

W. F. Lynch, 127 W. Third street, Maysville, Ky., says: "Doan's Kidney Pills are a tonic and a relief. My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and their use quickly restored my kidneys to a normal condition. I continued using Doan's Kidney Pills and they completely relieved me."

FOR PRESIDENT,
WILLIAM HOWARD TAFT.
NOTICE TO DELINQUENTS.

Owing to the fact that many of our subscribers on the Rural routes are dropping behind in their accounts and the amounts thus continue to increase from month to month, and that a large number of them ignore our repeated demands for a settlement, we have tired of sending THE PUBLIC LEDGER this way and then realizing nothing in return. Besides, it is very expensive to us and a violation of the postal laws; therefore we will send another statement to each delinquent and then take such legal action necessary to get what is due us and at the same time meet the requirements of the Postoffice Department. Respectfully,

A. F. CURRAN,

After the steam roller treatment Colonel Teddy meekly says: "I am a party man; I won't bolt the nominee." Thanks, good, kind sir. After two good lickings it's time to be a nice little man.

Anyhow the visit of Roosevelt to Kentucky will help the railroads, the hotels and the saloons; not that Teddy drinks, for he don't but the crowds that rush to the big cities to see any kind of a freak and a free show, do drink, and that is the main thing they do on such occasions.

"On the night of April 13th President Taft will have sufficient number of votes in sight to insure his nomination."

This prediction by Representative Arthur W. Bates of Pennsylvania, was made at Washington. Mr. Bates indicated the night of April 13th, because on that day the primaries in Pennsylvania will be held. Previous to the primaries there, other states it is claimed will bring the number of Taft delegates to the point where a Taft victory in Pennsylvania will end the contest. The Keystone State, Mr. Bates says, will elect practically a solid delegation of 76 for President Taft.

According to estimates by credit-rating concerns and the postoffice authorities, the people of the United States lose more than \$100,000,000 a year through fake and wild-

cat securities. Kansas is the only state, so far as we know, that has attempted to protect its people against this class of swindling. That state has a law which is popularly known as the "blue sky" law. It is estimated to save Kansas investors \$2,000,000 a year. But it simply covers one line of business, that of stock-selling in its broad sense it does not cover the multitude of other fake schemes such as those of the swindling "patent medicine" fakers. It protects only people who have money to invest and who might be considered well-to-do or even rich. Commendable as it is, it does not protect the people who need protection most—those who are sick, or think they are sick, and who are more likely to be influenced by misrepresentation than any other class of people. The Journal of the American Medical Association thinks that the admirable Kansas law should be extended to protect people from the most vicious form of swindling. If the people of the United States are swindled out of a hundred million dollars annually by stock jobbers and similar concerns, it would not be a reckless statement to make that they are swindled out of twice that sum by those who prey on the sick—the "patent medicine" swindlers and quacks, especially if the mail-order fakes are included. Should the people not be protected also against this more damnable and dangerous form of swindling?

The Standard Oil Co. can well afford to erect a tablet to the memory of the Sherman anti-trust law.

At the recent meeting of the Republican State Committee of Ohio, the following resolutions were adopted forming the renomination of President Taft, "Ohio's favored son,"

Ohio For Her Favorite and the seventh President. Taft furnished by the Buckeye State.

Resolved, That we heartily approve and endorse the splendid administration of President Taft. He has been true to the people, faithful to the principles of the Republican party, courageous and impartial in the enforcement of law, wise and patriotic in the administration of affairs at home and abroad.

We proudly proclaim our allegiance to the Republican party, standing on its principles, and heartily and without reserve or qualification pledge our earnest, continuous and enthusiastic support for the renomination and re-election of Ohio's great son, William Howard Taft.

Dr. Newell Dwight Hillis has an article in Good Housekeeping on "The Dangerous Age in Man." He says it is the middle age. By that time the ideals, dreams and aspirations of youth have left him, and he has surrendered himself to the pursuit

of material things, to making money, and laying up treasure. The radiant years of youth have settled down to a humdrum life.

The sorry feature of this predicament, says the Ohio State Journal, is that the man gained a lot of moral infirmities when he gave up his dreams and ideals. His ambitions become tainted by materialism. He is apt to scoff at higher things since he has begun to think there are no higher things than business and property. Wild oats grow quite as abundantly in middle age as in youth. Materialism, impurity and lack of faith usually go hand in hand in the same individual life.

As Dr. Hillis remarks, speaking of youth: "So long as this hunger for something better further on is a passion and the days are full of zest, so long manhood is safe, and the life waxes strength. But when the ideals are dimmed, when their outlines lose clearness, then perils draw near," and that is the period of middle age.

Foolish Philosophy.

Don't let your smile become a joke; many believe that is what started the present revolt against Mr. Taft.

You can usually tell where you are welcome, and get out when you are not.

It has always seemed to me that the last item in the list of wrongs of women is that they are not permitted to vote.

This isn't the best I can do; I'm now at work on that.—Ed. Howe.

HAPPENINGS IN THE CITIES

Irate Father Fails to Thwart Cupid

PITTSBURGH.—An irate father's sensational chase of nearly 150 miles in an automobile in his efforts to intercept his eloping daughter and her fiancé, came to an abrupt end at 9:40 o'clock the other night when the big iron gates at Union station were banged in the face of C. Bilby Merckles, a retired coal operator of Cameron, W. Va. Merckles' daughter, Miss Anna Regine Merckles, aged twenty-one, a recent graduate of an eastern school, and Calvin A. Roecker, aged twenty-seven, a bond salesman of New York city, eluded the aged Merckles and boarded the New York Night Express just about to start.

Miss Merckles met Roecker at one of the series of smart receptions that followed the New York automobile show last year. Roecker asked Mr. Merckles for his daughter's hand, but this aroused the father's indignation. Not to be discouraged, young Roecker and Miss Merckles carried on a correspondence between New York and Cameron. Young Roecker a few days ago arrived in Wheeling, and there met Miss Merckles. They came to

Pittsburg by the first train and arranged to get married here, but, owing to the fact that Miss Merckle is a Catholic and Roecker a Protestant, they could not find a priest who would marry them without a letter from Miss Merckles' pastor. The elder Merckles, missing his daughter, learned she had left for Wheeling. "No train for two hours," was the discouraging words of the station agent at Cameron when the excited Merckles asked him how soon he could get a train. Engaging an automobile he covered the distance between Cameron and Wheeling, 74 miles, in record time. Arriving there he found that the couple had left only an hour before for Pittsburg. In his effort to head them off, the father drove the distance from Pittsburg, 66 miles. He traced the elopers to a hotel and learned that they were to leave for New York at 9:40. He went to Union station and found they had purchased tickets and had engaged staterooms on the New York night express. Merckles took up his position at the gates. He was standing there looking at the New York night express, when suddenly Roecker and his intended bride shot past him. Before he could recover himself the gates were slammed. Finally he got out to the platform—but too late—the train carrying the elopers was moving out of the station.

Bride's Tears Win Officers' Hearts

PORTLAND, ORE.—A bride's tears softened the grim hearts of Detectives Litherland and Van Overn when the officers went to arrest M. B. Anderson, twenty-two years old, on a charge of decamping from a hotel without first settling his bill. Mrs. Anderson, a comely girl-wife of nineteen, declared when the officers came to arrest her husband, that she could not endure it to be separated from him, and asked if she might be locked up, too.

With tears glistening in her pretty eyes and sobbing softly in their room at the Rowland hotel, Mrs. Anderson was told by the detectives that she might go to the jail with her husband and was placed in the custody of the matron. Anderson was locked up in the men's ward on the same floor. By tearing up the sheets in the room where they owed rent, to make ropes to lower their suitcases to the ground, Anderson, who is the son of a detective in the service of the Santa Fe railroad in San Francisco, and his pretty wife, who has kept her identity from the police, escaped from the Cody Apartments at No. 431 East Taylor street. The evil genius of a gas meter, which Anderson is charged with having robbed of five 25-cent pieces, followed them, and

when they attempted the same method of escape from the Rowland hotel they were caught.

According to their story, told to Detectives Litherland and Van Overn after they had been arrested, they eloped from San Francisco and were married at Santa Cruz, Cal., a month ago. Then they started to Portland. Arriving here, Anderson was unable to secure work.

When a bill of \$25 for rooms had been run up at the Cody apartments, they took the midnight method of escape. The manager swore out a warrant for their arrest, but they were not captured.

Hearing that they were intending the sheet method of escape from the Rowland, the proprietor telephoned to detective headquarters, and Detectives Litherland and Van Overn, recognizing Anderson, who was registered under another name, arrested him on suspicion.

Gets Hunter's License to Slay Men

CHICAGO.—Obsessed with a desire for revenge, but imbued with a spirit of refrain from breaking the law, Joseph Tesso, a Chicago Italian, armed himself with an Illinois hunting license before he started the other day to Hammond, Ind., to carve up three of his fellow countrymen with a razor in a vendetta of long standing.

When Tesso appeared at the window for a license he presented a bland smile and a large razor.

"You're in the wrong place," said the clerk. "You want a barber license."

"No wanta shave, wanta keel," replied Tesso, grinning.

"Want to kill, do you? Well, I guess you want a hunting license all right," and thinking that the razor merely comprised the man's effects the license was issued when the required amount was paid.

Armed with his license and his razor Tesso cut such a swath among his compatriots employed in the New York Central yards at Hammond that a riot call was turned in. When the tumult subsided three Italians were so severely carved that they had to be rushed to a hospital. Tesso, clutching his razor in one hand and the license in the other, was arrested.

When arraigned before Judge Prest Tesso proudly produced his license with a smile.

"I gotta da right to keel evra one in Indeean," he explained. "I gotta whatcha call da license."

The judge smiled and the attaches and spectators laughed, but the Italian was so persistent in his plea that he had been told that a hunting license obtained in Illinois would give him the right to kill anybody he wished in Indiana that the charge was changed to assault and a small fine imposed.

What Blue Chalk Mark on Trunk Means

INDIANAPOLIS.—If you are a traveling salesman and you ever find a short, straight blue chalk mark on the end of your sample case you will know that you are looked upon by men who handle your baggage as a cheap-skate—a man who "won't come through."

The head porter of a local hotel one day recently carefully picked his way through a confusion of commercial trunks in the baggage room. The porter gave them all a keen glance and finally found the one he wanted. Drawing a stubby piece of blue chalk from his pocket he scratched it across the end of the piece of baggage, making a straight mark three inches in length. "Guess that'll fix him," he growled, returning the chalk to his vest pocket. "Why did you do that?" the head porter was asked. "Oh," he replied, "that is just a little high-sign which my baggage hunters give one another. You see we have to organize a little for self-protection. There is no man about a hotel that can be of more convenience to a drummer than the head porter—the man who has charge of the baggage. That chalk mark simply will indicate to the next porter who comes across that trunk that the man who owns it is cheap, that he won't come through with the tip. If he tips the next fellow the mark will be rubbed off. If he don't the mark will be made a little longer. Very few traveling men fail to come through with a liberal tip, but occasionally we find one with a marble heart and we don't forget him. Mind you we don't neglect the baggage of the man who don't tip, but we just forget to do a lot of little things that we might throw in extra."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years, doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CAUSES MUCH DISEASE

Advice About Stomach Troubles and How to Relieve Them

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent. of all the ills of the human body have their origin in a disordered stomach.

My experience with Rexall Dyspepsia Tablets leads me to believe them to be among the most dependable remedies known for relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of my sincere faith in Rexall Dyspepsia Tablets, I ask you to try them at my risk. If they do not give you entire satisfaction, I will return you the money you paid me for them, without question or formality. They come in three sizes, 25c, 50c and \$1. Remember, you can obtain them only at my store—The Rexall Store. Thos. J. Chenoweth, corner Second and Sutton streets.

VALUABLE RELICS

Property of Historical Society to Remain in New Capitol

Frankfort News-Journal.

It has been definitely settled that the Kentucky State Historical Society will detain its present quarters in the new Capitol instead of being moved to the old Capitol and a sigh of relief went up from the members of the Society, who insist that the new Capitol is the proper place for their collection of valuable historical relics.

When it was proposed to move the Historic Society to the old Capitol there was a storm of protest and the members of the Capitol Commission had a lively time listening to arguments in favor of the Society keeping its present room.

The Society won largely through the Governor, who took the position that the society should be allowed to keep its quarters.

AT DOVER

Will Remain the Home Office of the Audubon Company—
Branch at Maysville

At the regular monthly meeting of the Board of Directors of the Audubon Mineral Water Co., of Dover, Ky., held in this city yesterday, it was decided to retain the home or main office of the company at Dover and open a branch office in Maysville, Secretary Charles E. Curran to be in charge here.

The main office will be in the Dover Bank Building at Dover.

The office in this city to be the clearing house and principal distributing center for the water, at least temporarily, and until other matters at the home plant are completed and telephone, etc., installed.

The assets of the company are now actually worth double the mortgage debt, while the farm of 177 acres is rented to several tenants on a paying basis.

The plant has only been in operation a few weeks, yet during that time \$700 worth of water has been marketed, hundreds of gallons being sold as far away as Birmingham, Ala., Jacksonville and Pensacola, Fla., and New Orleans, La.

The outlook is very encouraging for the water and wealthy men are already discussing the proposition of building a hotel and sanitarium near the well.

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal and sold by druggists for the past forty years under the name of Dr. Pierce's Golden Medical Discovery, gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease.

Dr. Pierce, founder of the Invalids' Hotel at Buffalo, N.Y., has received many letters similar to the following:

Mr. F. R. Munro, of Paradise, N.Y., writes: "I take great pleasure in writing you as regards my case and its cure. In September I was taken with Typhoid Fever, which put me in a dreadful condition. I was weak, run down, nervous and could not do a mere trifle. I had tried nearly everything I could get but nothing did me any good until, at last, I was advised to try Dr. Pierce's Golden Medical Discovery, which I did. Before I had used one bottle I saw a great improvement and when I had used this treatment two months, using only a few vials of 'Placid Pellets' returned to perfect health. I cannot find words to express my thankfulness for this wonderful medicine. I advise all sufferers to write to Dr. R. V. Pierce, as he cures what others fail."

MAYSVILLE LOOSE LEAF TOBACCO MARKET

The Farmers warehouse sold 182,390 pounds of leaf at prices ranging from \$2 to \$29.50 per hundred.

On account of the offerings being of an inferior grade and generally in rather poor condition, a great per cent of the tobacco being in too high case, the average was not as high as usual.

The Independent house sold 149,825 pounds at from \$2 to \$22 per hundred.

It has been the general impression each week that the rush was over, but every Monday morning has found the same congested condition with wagons lining all the streets contiguous to the warehouses.

When the rush will be over no one seems to know, but certainly the end is not yet.

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much more a trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like A. B. Tigert, Oklahoma Farm, Newbern, Tenn., and Mrs. Lizzie S. Brooks, Paris, Ky., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
